Oregon law (OARs 855-055-0010) requires all non-prescription DMSO labeling to contain strict cautionary statements. This in no way affects the quality of our products. We continue to use only ultra-pure ingredients, **made to Dr. Stanley W. Jacob's exact specification.**

Federal laws prohibit us from making any medical claims or giving directions for use. We always ask our customers to consult with their healthcare providers **before using any of our products.**
